

ROSINI CORNICI

COMPANY PROFILE 2017

WE LOVE FRAMES, SINCE 1988

Even if you could combine years of experience with extensive foresight,
deep Italian roots with passionate curiosity for different cultures,
traditions handed down from generation to generation with cutting-edge construction processes,
you would still be missing what's at the heart of our brand.

A tremendous love for the art of framing: design, materials, construction and that special touch
given to all our customers all over the world.

OUR PRODUCTS ARE THE RESULT OF A LONG JOURNEY

Our adventure started thirty years ago. When we look back, we can see how far we've come; ensuring the high quality of every single product and offering an ever-growing range of styles.

We set off on a new journey every day, following the production cycle of the mouldings, from design to distribution.
