L'azienda italiana di cornici artigianali Rosini è stata fondata nel 1988 da Giancarlo Rosini e ha sede a Roma, nell'affascinante scenario post-industriale della via Salaria, al limite settentrionale della città.

Qui, all'interno di laboratori di recente ristrutturazione, una squadra di giovani e talentuosi professionisti guidata da Daniele e Francesca Rosini lavora quotidianamente all'elaborazione concettuale e artigianale del brand. Le cornici Rosini nascono come oggetti d'arte dalle molteplici possibilità. Le collezioni sono pensate per soddisfare con un'ampia gamma di soluzioni le esigenze di una clientela eterogenea e attenta alla qualità.

Rosini si pone nell'asse di una tradizione di maestrie italiane che ogni giorno reinventano se stesse, cogliendo la sfida del presente. La continua ricerca che interessa design, materiali e tecniche di lavorazione consente un costante aggiornamento delle collezioni.

La cura completa della presentazione dell'opera d'arte, dalla prima consegna del progetto all'esposizione finale, rende l'esperienza estetica Rosini un esempio unico di eccellenza artigianale contemporanea.

The Italian artisanal frame company Rosini was founded in 1988 by Giancarlo Rosini and is located in Rome, in the fascinating post-industrial scenario of via Salaria, in the northern area of the city.

Here, in the recently renewed laboratories, a team of young talented professionals led by Daniele and Francesca Rosini work every day on the conceptual and artistic evolution of the brand. Rosini frames are conceived as versatile objects of art. The collections are designed in order to satisfy the needs of an heterogeneous and quality sensitive audience.

Rosini reinterprets the heritage of Italian craftsmanship facing the challenge of modernity. The continuous research which involves design, materials and handcrafts techniques allows a constant restyling of the collections.

The curatorship of the whole work of art presentation, from the very first project delivery to the final exhibition, makes Rosini a unique example of contemporary craftsmanship excellence.

L'opulenza dell'oro e dell'argento,
la citazione del barocco,
la reinterpretazione di un gusto classico
che sa diventare super contemporaneo:
tutto questo è Prezioso, una collezione
fine e importante, in cui emerge tutto
il valore dell'artigianalità italiana.
Perfetta per opere pittoriche di rilievo,
la collezione offre oggetti belli in sé,
che hanno valore d'arredamento,
a prescindere da ciò che possono
incorniciare.

The opulence of gold and silver, the Barocco
allure, the reinterpretation of a classic
tastethat can turn into hyper-contemporary:
all of this is Prezioso, a refined and bold
collection which celebrates the Italian
craftsmanship like no other.
Perfect for pictorial relevant works,
the collection offers objects of desire that,
regardless their content, are precious
interior design items.

Materica, storica ed essenziale,
la collezione Naturale celebra la purezza
del legno. Gli interventi cromatici sono
sperimentali e garbati, interagiscono
con la materia senza mai mascherarla,
ma anzi rispettandola e assecondando
le sue imperfezioni.
La collezione include soluzioni delicate,
perfette per ambienti calorosi e domestici
così come per attività commerciali
e accoglienti strutture ricettive.

Materic, historical and essential,
the Naturale collection celebrates
the purity of wood. The chromatic details
are experimental and gentle, they interact
with the wood without overcovering it.
On the contrary: the aim of this aesthetic
option is to respect the matter leaving
evidence of its imperfections.
The collection includes delicate solutions,
perfect for warm and domestic contexts as
well as for commercial activities
and cozy receptive structures.

Una grande varietà di spessori, finiture e profili movimentata questa sofisticata collezione che racchiude al suo interno soluzioni interessanti, adatte sia a un pubblico di amanti che di intenditori. Originale ospita al suo interno modernariato, citazioni d'epoca e geometrie audaci.

La collezione si adatta perfettamente a qualsiasi genere di contesto grazie a un perfetto equilibrio tra il valore estetico della cornice e la sua capacità di valorizzare l'opera, senza fagocitarla.

A great variety of finishing techniques makes this sophisticated collection an interesting possibility for both amateurs and connoisseurs.

Modernism, archive atmospheres and brave geometries can be found in Originale. The collection offers perfect solutions for many different contexts thanks to the balance between the aesthetic value of the frame and its capacity of amplifying the piece of art, without cannibalizing it.
